

Free Electrical Safety Checklist

Brought to you by

DLL Renovations – Halifax’s Trusted Electricians

Use this quick checklist to spot common electrical risks in your home. If you answer “No” to any of these, [contact us](#) for a professional inspection.

General Safety

- ☐ Are all outlets and switches working properly?
- ☐ Are there any discolored or warm outlets?
- ☐ Are extension cords being used temporarily (not permanently)?
- ☐ Are cords in good condition (no fraying or cracks)?
- ☐ Are GFCIs installed in kitchens, bathrooms, and outdoors?

Lighting and Fixtures

- ☐ Are all light fixtures securely mounted?
- ☐ Are bulbs the correct wattage for their fixture?
- ☐ Do lights flicker or dim unexpectedly?

Panel & Circuit Breakers

- ☐ Is your breaker panel labeled clearly?
 - ☐ Have you had a licensed electrician inspect the panel in the last 5 years?
 - ☐ Do breakers trip frequently or buzz?
-

Bedrooms & Living Spaces

- ☐ Are smoke detectors installed and working?
 - ☐ Are outlets tamper-resistant (especially if children are present)?
 - ☐ Are space heaters plugged directly into the wall (not into power bars)?
-

When to Call a Pro

If you answered “No” or “I’m not sure” to any of the questions above, it’s time to schedule a home electrical safety inspection with **DLL Renovations**.
